

THE WEATHER TODAY
Partly cloudy Tuesday, Wednesday
becoming unsettled with showers in
south portion; not much change in
temperature.

VOL. NO. XXXIX, WHOLE NO. 1232

FIRM'S ASSETS AND LIABILITIES GREATLY MIXED

Voluntary Position in Bankruptcy
to Be Filed by Official of
Lewis E. Sands Com-
pany, Inc.

WHEAT MISSING

Farmers Had Stored Grain in Ware-
houses—Sold, But No Returns
Made to Owners, Re-
ports Indicate

Albion, Sept. 15.—A voluntary po-
sition in bankruptcy for the Lewis
E. Sands company, Inc., will be pre-
sented to Judge John R. Hazel in
United States district court in Buffalo
tomorrow and it is expected that a
receiver will be appointed for the
wholesale grain concern, doing an an-
nual business running into millions
and of which Lewis E. Sands, known
as the "bean king" and who vanished
last Tuesday, was president and
general manager.

Sanford T. Church, attorney for
the company, made this statement to-
night after working all day over the
books with George Croke of Albion,
vice president, and Allen Briggs of
Albion, secretary-treasurer and non-in-
terested stockholder.

Mr. Church reported that the books
presented such a complicated maze,
with the assets and liabilities so in-
tangled that it was difficult to
tell the exact financial condition. The
liabilities exceeded the assets by pos-
sibly \$500,000, it is said.

Vice President Croke will be the
petitioner in the action in federal
court tomorrow. Probably more than
a week will elapse before a receiver
can get definite information from the
many branches so that a schedule of
creditors, assets, and liabilities can be
prepared.

Stored Grain Missing

It became known today that farm-
ers of this vicinity had stored their
season's wheat at the Sands company
warehouses here under an agreement
to pay one cent per bushel for
storage and shrinkage, the wheat
to be held subject to their order.

Today it was learned that thousands
of bushels supposed to be in storage
had been sold and shipped but no
return made to the farmers. Fred
Brown of Albion, who had more than
1500 bushels stored, and Henry Fisher
of Barre, who had 250 bushels, are
two who reported today looking for
their returns for their grain.

The Orleans county clerk's office
records show that Sands obtained
\$100,000 on April 8 from the Niagara
Guaranty National bank at Lockport,
giving a blank mortgage signed by
himself and his wife in which three
farms were mortgaged. They are his
homestead farm, formerly owned by
the late John H. Denio in Albion, ad-
joining the state training school for
girls, also his farm known as the
Daniel Thurston farm, where the
Lone Star Inn is located, and a farm
of 52 acres in West Barre. It is un-
derstood creditors will ask the court
to set aside that mortgage and pro-
vide that the property covered in the
mortgage shall become a part of the
estate forming his assets.

GREAT BRITAIN AND FRANCE IN ACCORD

Each Member of League Will Con-
tribute All Force Available
for General Peace

(By the Associated Press)
Geneva, Sept. 15.—A dramatic mo-
ment in the history of the world
when Great Britain and France
agreed to contribute all their military
forces to the League of Nations for
general peace. This agreement was
reached in preliminary talks and
will be announced tomorrow to the
world.

The negotiations were interrupted
by a fire in the city of Geneva, but
the peace of both the British and
the French delegations they were re-
sumed after temporary interruptions
and an agreement was finally attained.

The day over the question of
how to contribute to the League some
difficulties arose, whereby military,
naval, and economic assistance could
be definitely assured, and more par-
ticularly the navy, and economic as-
sistance of England.

The British did not mention
Great Britain or any other power but
in the future of a part of general
military assistance and military
forces to the League at its dis-
posal, either economic or military
for the general maintenance of peace.
It is understood that the day was
closed by promises received by the
French delegation that Great Britain
would support the pact to mean that
the world should be ready to contribute
military and naval forces to the
League in time of need.

NOT-DRIVEN AUTO KILLS GIRL
Syracuse, Sept. 15.—Catherine
Boggs, 15, only daughter of Mrs.
May Boggs, a widow of 243 Decker
avenue, was fatally injured when run
down by an automobile operated by
a 17-year-old boy here today.

BODY OF MISSING GIRL FOUND; FOUR MEN BEING SOUGHT

Search Centers on Farm Hand
Whose Attention Was Op-
posed by Parents

PROBABLY DEAD FOR MONTH

Carotaker of Academy Discovers
Lifeless Form While In-
specting Premises

New Brunswick, N. J., Sept. 15.—
Four young men are being sought for
information regarding the disappearance
August 12 of 16-year-old Eliza-
beth Johnson, a farmer's daughter,
from near Kingston, whose lifeless
body was found yesterday on the
shores of Lake Carnegie, near St.
Joseph's academy.

The search, however, centers on a
farm hand living near the Johnson
home, whose attention to the girl
are known to have been opposed by
her parents. The name of the farm
worker was not divulged.

The girl's body was found resting
on a Philadelphia morning newspaper
yesterday by James Casserly, the care-
taker at St. Joseph's academy, who
was inspecting the grounds in antici-
pation of the opening of the new term
within a few days.

Bullet Wound in Skull

Following an inspection of the body
this afternoon, County Physician Dr.
L. J. Suydam declared the girl must
have died very soon after she was
missed from the house as the
body gave evidence of having been
lifeless at least a month.

The examination also revealed a
bullet wound through the back of the
skull.

It was not until today that the body
was identified as that of the John-
son girl. Since yesterday the remains
were in a morgue here, having been
brought from the scene of discovery
by Detective David and State Troop-
ers summoned by Casserly.

LICENSES TO DRIVE CARS REFUSED MANY

150 Applications Denied Because
of Criminal Records—Some
Admit Convictions

Albany, Sept. 15.—Because the ap-
plicants had criminal records, Wil-
liam M. Arnstein today, by direction
of Commissioner of Motor Vehicles
Barnett, denied approximately 150
applications for operators' licenses.

These rejected applications repre-
sented all sections of the state. Many
of them were from persons who ad-
mitted in their applications that they
had been convicted of driving an au-
tomobile while intoxicated. All such
applicants who admitted on "probation"
for a year and then could not
make a new effort to obtain a li-
cense.

One applicant from Canandaigua
admitted four convictions for driving
while intoxicated and is now in jail
held for the grand jury on another
charge. He will not be given a li-
cense.

One applicant from Delmont, coun-
ty seat of Albany county, who ad-
mitted three convictions on the charge
of operating a car while intoxicated,
was advised that he could not get a
license to drive under the new law.

MAN STABBED IN ABDOMEN IN OLEAN STREET BRAWL

Olean, Sept. 15.—Lewis Tract, 35
years old, of 1519 Walnut street, is in
the hospital in a serious condition af-
ter being stabbed in the abdomen,
during a street fight in front of his
home early today and John Tidy-
dell, 44, has been held for the grand
jury on a charge of assault, second
degree.

BIG AMOUNT SAVED NATION

(By the Associated Press)
London, Sept. 15.—The statement
made today by the British and
French delegations that they were re-
solved after temporary interruptions
and an agreement was finally attained.

The day over the question of
how to contribute to the League some
difficulties arose, whereby military,
naval, and economic assistance could
be definitely assured, and more par-
ticularly the navy, and economic as-
sistance of England.

ROAD LENGTHENED WEEK

Saratoga, Pa., Sept. 15.—Eight-
een miles of the big local
highway of the Saratoga, Lack-
awanna & Western railroad will be
placed on a six-day a week working
basis, C. E. Snyder, superintendent
of locomotive power, announced to-
day. The shops are located in Saratoga,
Buffalo and Kingston, N. Y.
The shops at Saratoga are affected by
the order.

For several months the shops have
been operating on a five-day schedule.

MURPHY KILLED AT STATE FAIR SPEED CONTEST

Fault to Straighten Out Racer After
Taking Curve to Assume the
Lead on 138th Lap of
150-Mile Grid

PHIL SHAFER WINS

Bennett Hill, Team Mate of Dead
Driver, Comes in Second—
Second Fatal Accident
on Track in Week

(By the Associated Press)
Syracuse, Sept. 15.—Jimmy Murphy
of Vernon, Cal., favored to win the
national racing championship of the
American Automobile association for
1924 and veteran of many an auto-
mobile speed classic both in this coun-
try and abroad, met his death on the
State fair ground tracks here this af-
ternoon when the car he was piloting
crashed through a wooden fence on
a curve during the 138th lap of the
150-mile race.

Murphy survived the accident by a
few minutes, long enough to bring him
to a hospital in this city, six miles
away, but he never regained con-
sciousness. The tragedy was staged,
however, directly opposite bleachers
seating approximately 2,000 persons
and in full sight of at least 5,000 per-
sons who had grouped at the curve.

The event was won by Phil Shafer
in one hour, 51 minutes, 25.20 sec-
onds. Bennett Hill, team mate of
Murphy, dashed over the line second
in one hour, 57 minutes, 20.81 sec-
onds. Harry Hatz, substituting for his team
mate, Fred Comer, came in third in
two hours, nine seconds.

Splinters Penetrate Car.

It was in an attempt to lap his
team mate and pass Shafer that
Murphy pushed his car into a full
burst of speed and roared down the
straight away past the grand stands
at approximately 80 miles an hour.
At the turn which should have
brought him into the back stretch, he
seemed unable to straighten the car,
and the bleacher occupants were hor-
rificed to see him clip the inside fence
once, then rapidly spin around and
crash through the wooden fence.

The car did not turn over, but in its
progress sideways, it picked up the
fence rails so that they penetrated
the hood and body of the vehicle.
Witnesses of the crash believed that
serious injuries which Murphy re-
ceived were due to the end of these
wooden splinters striking him in the
chest.

The accident today marks the sec-
ond fatality of the State fair track
within a week. The track is the same
used for Grand circuit driving, and
it is almost exactly the same place last
Monday afternoon that Tommy Hinds,
65, Grand circuit veteran, was killed
when his sulkey collided with one
driven by Tommy Murphy.

BUFFALOES DO NOT MAKE GENTLE PETS

Dogs Not Only More Congenial
But More Gentle, Says In-
terior Department

Washington, Sept. 15.—An ap-
parently general belief is reflected in
scores of letters received by the in-
terior department, that a buffalo will
respond to friendly overtures by wag-
ing his tail or proffering a hoof, has
been rudely dispelled with delivery
of several of the animals the national
park service is distributing from the
Syracuse Yellowstone park herd.

A Lagrange, Ind., recipient of a
buffalo calf, reported that the animal
sent to him only a week ago charges at
every caller and has wrecked three fences.
A little girl in Faust, N. Y., who
said she had tamed her dog, three
cats and a rabbit and wanted to "tame"
a ferocious buffalo to play with, was
advised there were no such animals.
Several boys who asked for buffalo
as pets were counseled that puppies
were much more congenial and safer.

Preparations are being made to be-
gin shipping the most of the surplus
herd, some 250 in number, about
October 1. Most of them will go to
zoos. They are being given to appli-
cants willing to pay the freight.

TAXATION RATE ADVANCES GREATLY IN FIVE YEARS

New York, Sept. 15.—America's
tax burden was \$124,660,000 heavier
in 1923 than in 1922, and in 10 years
taxation has grown more than \$1,
500,000,000, the national industrial
conference board announced in a re-
port made public today. Total taxes
raised in 1923 were placed at \$1,
714,000,000 against \$1,591,000,000 in
1922.

The decline in the volume of tax-
ation collected in 1922 was rather short-
lived, the report said, predicting an
upward tendency in 1924.

The report asserted that in 1912
the federal, state, and local govern-
ments disbursed \$200,000,000 on ac-
count of pensions and \$224,000,000 for
interest on public indebtedness. In
1923 these totals were respectively
\$210,000,000 and \$1,067,000,000.

FIRE RAGES ON FARM OF MRS. ARTHUR RYERSON

Fire is raging on the farm of
Mrs. Arthur Ryerson at the head
of Oneonta lake to such an extent
that the Cooperstown fire depart-
ment was called to the scene at
2:30 o'clock this morning, accord-
ing to a report reaching this office
just before going to press.

The only facts obtainable were
that the flames were discovered
in the barn at that time at about
2 o'clock.

According to the best informa-
tion available at this office the
house is situated at a sufficient
distance from the burning struc-
ture to assure its being saved un-
der ordinary conditions.

SECRETARY WILBUR CALLED TO CAPITAL

Uses Plane to Catch Fast Train—
No Special Significance,
Says White House

San Diego, Cal., Sept. 15.—In a
response to an urgent summons to re-
turn to Washington without delay,
Secretary of the Navy Curtis D. Wil-
bur left the North island navy air sta-
tion here by airplane this afternoon.

Secretary Wilbur, in confirming the
receipt of a message ordering his re-
turn to Washington, stated that the
summons came from President Coolidge.

No reason for the return to
Washington was contained in the
message, but at the North island air
station it was stated that in all prob-
ability the secretary's presence was
desired at an important conference on
some naval matter.

Lieutenant B. S. Wyatt was desig-
nated as the pilot of the plane to
carry Mr. Wilbur. A De Havilland air-
plane was used for the flight, which
was started at 3:15 o'clock with Rom
field, Riverside, as the destination.
At Riverside, the Santa Fe fast train
leaving Los Angeles at 5:15 o'clock
this afternoon is to be held for Sec-
retary Wilbur.

Of No Special Significance.

Washington, Sept. 15.—Secretary
Wilbur was requested to return to
Washington as soon as possible, it
was indicated today at the White
House, to confer with the President
on departmental matters, particularly
in regard to the next budget allow-
ance for the navy. It was declared,
however, that there was no special
significance in the call for the sec-
retary.

LEOPOLD-LOEB SETS TEACHERS THINKING

Need for Proper Studies Deeply
Imprinted on Minds of
Instructors by Case

New York, Sept. 15.—The Leopold-
Loeb case "has certainly given every
serious minded teacher cause for
thinking more deeply on what is best
for certain types of minds," said Dr.
Ernest DeWitt Burton, president of
the University of Chicago, who re-
turned from Europe with his wife
and daughter today.

On the other hand, he gave it as his
opinion that the case of the young
Chicago boys did not constitute an
indictment against the educational
system of the University of Michigan,
which Loeb attended, or the Univer-
sity of Chicago, Leopold's school.

"What the whole matter has done
for us is to make us stop and think
about what is going on in our
schools," he said. "The general ap-
pearance of abnormal types is that
the abnormality is manifest in the
character of their work. In the case
of both Leopold and Loeb their col-
lege work was of brilliant character.
I made the closest investigation and
could not find from faculty members
that there had ever been anything
in their actions, either socially or
in the classroom, to indicate anything
abnormal in their makeup."

He said he considered that the av-
erage college curriculum was imper-
fectly adjusted.

"We are just beginning to find out
the necessity of wide differentiation
in the type of work required, while
the same type would not be used with
others," he added.

SUBWAY SWITCHMAN TURNED INTO LIVING TORCH; MAY DIE

New York, Sept. 15.—Charles
Summer, 25, a subway switchman,
was turned into a human torch when
the electrically charged third rail
ignited his overlooked clothing tonight.
Men shouted for help and several
women fainted as the blazing switch-
man leaped from the roadbed to the
platform and dived into a pile of
newspapers in an effort to extinguish
the flames.

His clothing set the papers on fire
and Summer was at last smothered
from the burning mass by two fellow
employees who wrapped their coats
about him and smothered the flames.
He was taken in an unconscious con-
dition to a hospital where it was said
he would not recover.

SLEEP IN CENTURY

Syracuse, Sept. 15.—Penny-farmer
and con-man, a woman who gave her
name as May Wade, 52, of 73 E.
James street, Poughkeepsie, and claimed
to be a convert seer, was taken to
the psychiatric hospital today
after she had spent in Kingston county
nursery here two nights. She had
been taken to the hospital in a hand
car and her story, as did testimony
of women who heard her sing.

CHICAGO GIVES WORLD FLYERS WARM WELCOME

All Honors at Disposal of City
Heaped Upon Aviators as Flag-
plane Chicago Lands at
Air Mail Field

DINE "IN PEACE"

Police Needed to Keep Crowds
Back as Airmen Go Through
Streets — Not to Visit
Legion Convention

(By the Associated Press)
Chicago, Sept. 15.—Chicago today
greeted her winged namesake, Chi-
cago, and took Lieutenant Lowell
Smith and his world-circling flyers to
her bosom, stood with bared heads
while the planes figuratively unravel-
led more of the red, white and blue
threads they have spun around the
globe, gave them great ovations, and
tonight tendered them food and drink
at a public banquet.

From the moment Lieutenant
Smith and his flagplane Chicago com-
pleted the hop from Dayton to May-
wood airport, at 12:55, daylight saving
time, he, with his companion
pilots, Lieutenant Eric Nelson in the
New Orleans and Lieutenant Leigh
Wade in the Boston II, received all
that the city could give them.

Tomorrow at 8 a. m., Central time,
they are scheduled to be on their way
again to Omaha, an air distance of
440 miles.

Crowd Lingers For Second Sight.

Thousands swarmed to the air mail
field 12 miles west of Chicago for a
view of the world gliders as they
came to rest. The sight of them far
over Chicago brought a spontaneous
demonstration. Every kind of noise
contrivance, from lusty lunged spec-
tators to the jazziest of bands, let go.
When the three birds landed their
mechanicians taxied into position and
leaped from their cockpits into the
arms of the crowd, which had swept
the police cordon aside, it was a spec-
tacle of r. joining.

After a parade about the field to
permit all to get a glimpse of the fly-
ers, they were placed in motor cars
and whisked away to an adjoining
place.

As every turn it was neces-
sary to protect them with a squad of
police or a corps of motorcycle
officers. During the two and a half
hours absence from the field, the
throngs lingered, waiting for another
peek when the officers returned.

NEW EXPLOSION IN MONTEREY DISTRICT

Underground Tank of Gasoline
Explodes and For Time
Threatens City

Monterey, Cal., Sept. 15.—A huge
underground tank of gasoline, ignited
by flames from the oil fire which
started here yesterday, exploded at
4 o'clock this afternoon, its blazing
contents spreading over Monterey bay
and for a time menacing the city. The
fact that the surrounding territory
had been burned over prevented the
flames from the explosion from
spreading to the city.

The burning oil destroyed several
fishing boats in the bay but no one
was injured. A careful check today
revealed the death of only two men,
soldiers from the Monterey Presidio,
in the spectacular fire which started
yesterday when lightning struck a
55,000-barrel tank of oil belonging to
the Associated Oil company. The men,
George Boles and Ernest Watkins,
were among several scores of soldiers
who tried to prevent the spread of
flames from the ignited tank.

Several persons were slightly in-
jured and property damage estimat-
ed as high as \$2,000,000 done in the
fire.

TWO SKELETONS FOUND BURIED IN PRISON YARD

Auburn, Sept. 15.—While conflicts
in Auburn prison were excavating for
a new heating plant in the prison yard
today they came upon the skeletons
of two human beings buried several
feet under the soil.

Warden Edgar
J. Jennings called in Edward H. Gohl,
member of the New York State Arch-
eological society, in connection of
the discovery. He said in establishing
the character of the find, Gohl de-
scribed the manner in which the
skeletons lay and Mr. Gohl declared
they were of white. The fact that
one bone had been moved through
indicated there may have been an
autopsy, but how the bones came to
be buried in the yard of the women's
prison, outside the original bounds of
the prison, is a mystery.

PRESIDENT HEARS MUCH CONCERNING WORLD CONDITIONS

Daves Plan Already Benefiting
Europe, Two Senators Return-
ing From Abroad, Inform Him

EMPLOYMENT SHOWS INCREASE

Labor Statistics Report a Two-
Tenths Gain, Unusual Because
of Presidential Campaign

Washington, Sept. 15.—A steady
stream of callers poured in on Pres-
ident Coolidge today, bearing mes-
sages on politics, government affairs
and European conditions.

Secretary Davis brought a report
from Ethelbert Stewart, commissioner
of labor statistics, showing an in-
crease in employment in August.

Senator McKinley of Illinois and
Weller of Maryland told the President
the Daves repatriation plan already
has had a beneficial effect in Europe
as well as in this country. They re-
turned recently from Europe.

Pending receipt of further reports
on the trend of the campaign, Mr.
Coolidge withheld his plans for next
month. He accepted definitely, how-
ever, the invitation to speak in Phila-
delphia on the night of September 25
at the ceremonies marking the 150th
anniversary of the meeting of the first
Continental congress.

First Revival in Any Campaign.

Commissioner Stewart reported that
the regular monthly survey by his
bureau of 9,000 establishments show-
ing an increase in employment of
two-tenths of one per cent over July.
"This is particularly interesting,"
he said, "as coming in a campaign
year. I do not remember noting a
business revival in the midst of a
campaign before."

"While these figures may seem
small, yet to compare them with the
figures for July, where the decrease
in volume of employment was four
per cent, they do not seem so. Be-
tween May and June the volume of
employment dropped three and eight-
tenths per cent."

GANGSTERS SHOOT FORMER MEMBER

Accused of Holding Up Crag Game
and Stealing Drug Sup-
ply of Another

New York, Sept. 15.—The "other
side" of New York city, bound by its
own peculiar laws, today applied the
usual penalty to Michael DeFalco,
and though many persons witnessed
the gang shooting at noon on a busy
street, none knew quite enough to aid
the police.

DeFalco was accused on two counts
—holding up a crap game being played
by his associates, and stealing the
drug supply of a brother gangster.
Attorneys, judges, and trials simply
were dispensed with and when he
stepped from a doorway four execu-
tioners fired simultaneously.

DeFalco fell, as did Louis Antol, a
waiter, struck by a stray bullet.

Both are in a critical condition in
a hospital. Antol does not know who
shot him and DeFalco won't tell.

"I'll get 'em when I get out," he
announced to police questioners be-
fore falling into a coma from which
he is not expected to awake.

Another revenge by gangsters was
believed by the police to have been
revealed when Ernest Alberts was
found on a Long Island turpentine
with his tongue split, his full length
and other wounds which were pronounced
fatal by physicians. The police ex-
pressed the belief that the man had
told secrets and that this method was
employed to silence him.

SMITH TO TAKE LONG TOUR CAMPAIGNING FOR DAVIS

Washington, Sept. 15.—The Demo-
cratic national committee today an-
nounced the itinerary of Governor
Alfred E. Smith of New York in
campaigning in behalf of John W.
Davis, the Democratic presidential
nominee.

The announcement said Governor
Smith would leave Albany October 5
to deliver his first address that evening
at Manchester, N. H. He will
speak at Boston October 7, at Prov-
idence, R. I., on the 8th, New Haven,
the 9th, and Waterbury the 10th, re-
turning from there to New York.

The governor, who was one of the
principal contenders for the presi-
dential nomination at the Democratic
convention, will go to Baltimore for
an address October 12, and from that
city will keep speaking engagements
in Wilmington the 14th, Jersey City
the 15th, Cleveland, O., the 17th, and
Chicago on the 19th, after which he
will return again to New York.

CAMP GROUNDS BURNED

Gloss Falls, Sept. 15.—Fire of un-
determined origin tonight practically
destroyed the Riverside Grove associa-
tion camp grounds at Riverside, op-
erated by the Troy conference of the
Methodist Episcopal church. Fourteen
cabinets were burned with an esti-
mated loss of \$15,000.

MAURITANIA SETS NEW MARK

Plymouth, Eng., Sept. 15.—The
Canadian liner steamer Mauritania has
again broken her transatlantic
record, reaching Plymouth from New
York in 7 days, 21 hours, 57 min-
utes.

FRANK CHANCE DIES AFTER LOSING FIGHT

"Peerless Leader" Had Been Re-
cuperating in California From
an Attack of Influenza
Early Last Spring

WHITE SOX CHIEF

Charles Comiskey Appointed Him
Manager, But He Never As-
sumed Personal Charge
of Chicago Team

Los Angeles, Sept. 15.—Frank
Chance, manager of the Chi-
cago White Sox, died here tonight af-
ter a long illness.

For several months Chance had
been recuperating in southern Cali-
fornia from a breakdown suffered in
Chicago last spring in an attempt to
resume active management of the
team. He was at his apartment here
early tonight when another attack
caused his removal to the Good Samar-
itan hospital, where he died
within a half hour.

Chance's last moments were peace-
ful and free from pain, according to
his brother-in-law, Karl Panekka,
who, with Mrs. Chance, accompanied
the stricken man to the hospital.

"Frank suddenly relaxed and fell
asleep," was the way he put it.

The maker of world pennant win-
ners tonight, when another attack
caused his removal to the Good Samar-
itan hospital, where he died
within a half hour.

itan hospital, where he died
within a half hour.

SUN YET SEN ON WAY TO JOIN WAR

Great Pomp Marks Departure —
Will Aid in Defense of
Shanghai

(By the Associated Press)
Canton, Sept. 15.—Departure today
of Sun Yat Sen, head of the South
China government, for Shichow, in
the northern part of Kwantung pro-
vince, where he will concentrate his
armies to go to the aid of Lu Yung-
Hsiang, defender of Shanghai, was at-
tended by great pomp.

A number of Mr. Sun's generals ac-
companied him and the time of his
departure had been well advertised.

Before leaving, Mr. Sun told inter-
viewers that it was his plan to travel
frequently between Shichow and
Canton, to supervise personally the
assembling of his armies. He claimed
he would be able to gather 20,000
men at Shichow, besides leaving 10,
000 men to guard Canton from pow-
ers opposing him politically. The
troops would be sent northward
gradually, he added.

General Chen Chung-Ming, Sun's
principal rival in Kwantung province,
and whose sympathies are reported to
be with the central government in
Peking, is reported with his army at
Wai-how, inactive. Current reports
are that a portion of his forces favor
the cause of Dr. Sun.

THREE BOYS IN FURNACE

Niagara Falls, Sept. 15.—Convicted
of throwing a dog into an electric
furnace at the plant where they were
employed and burning the animal to
death four men were fined \$200 each
and sentenced to 150 days each in
the county jail.

The convicted men are Joseph Por-
beck, Mike Rendle, Frederick Gilmor
and Pedro Pore.

Bugs Seizes One in His Half—
Giants Idle.

Boston, Sept. 15.—Pittsburgh won 4 to 3, over Boston in 12-innings today while the Giants were idle, climbing to a place in the New York-Pennsylvania National League race. It was the third straight win for the Pirates here.

The game was decided when Grimm and Schmidt tripled and Morrison sent out a sacrifice fly, scoring two runs in the first of the 12th. A pass and Stengel's double worked into a Boston run in the last half of the same inning. It was Shivers' day at the field. Gifts were presented to Bancroft, McKee, and Mann.

LIST OF POLLING PLACES IN THE CITY OF ONEONTA DESIGNATED FOR PRIMARY ELECTION.

To the qualified voters of the city of Oneonta:

TAKE NOTICE:

That in accordance with and pursuant to Section 73 of the Election Law of the State of New York, the commissioners of election of the county of Otsego do hereby publish a list of the polling places designated within the city of Oneonta, New York, at which the qualified voters of the Republic, Democrat, Socialist, Farmer-Labor and Prohibition parties shall meet for the full primary to be held Tuesday, September 16, 1924.

First ward, Municipal building, 200 Main street.

Second ward, Borer's garage, 10 Maple street.

Third ward, Boy Scout headquarters, 17 Ford avenue.

Fourth ward, Charles J. Bums, garage, 30 Church street.

Fifth ward, Killeen's bar, 38 Chestnut street.

Sixth ward, Mitchell street school, P. James Gallagher.

Seventh ward, Lyman J. Bates.

Commissioners of Election.

Gary A. Wilcox, clerk.

Did You Know That—

By Feg Murray

Did You Know That—

Harry Mallor of Los Angeles brought a 525-lb. broadbill caught on August 2, 1924, at Catalina Island? This broke the world's record catch of 474 lbs. set in 1923 by A. R. Martin. Mallor used the revolutionary short rod, fast and so-called line and lure method. By making this remarkable catch Harry became the whole story in the fishing world of America. The big fish had a record for its long and curved bill of Mallor's type and showed the growing of its bill.

King George of England is a first-rate shot and when Prince of Wales was named seventh of all living shots. Every year on August 12 His Majesty goes to Scotland and shoots grouse, pheasants, partridges and so forth. Notice that the King was the "straight-left-arm" position which he was one of the first to adopt.

Earl Balfour, a sixteen-year-old golf ball player of Canada, made a remarkable triple play this year? Now the Washington doesn't get so cheap.

AMERICAN LEAGUE

DETROIT BEATS SENATORS.

Big Collins Pitched Excellent Ball, Allowing But Four Scattered Hits.

Detroit, Sept. 15.—"Big" Collins, sometimes called the unloveliest pitcher in the American league, pitched brilliant ball for Detroit to shutout the Senators to a tie with New York for the league lead.

Mogridge's southpaw offerings were hit safely nine times while Collins was holding Washington to four singles, only two of which were made in the same inning. Collins' double and a single by Manush gave Detroit the first score, and Kigney's two base hit ahead of a single by O'Rourke accounted for the second.

R H E

Washington . . . 000 000 000—0 4 1
Detroit . . . 001 100 000—2 9 1

Batteries—Russell, Mogridge and Eust, Collins and Woodall.

NEW YORK WINS FROM CHICAGO.

Gets Only Four Hits But Develops Two Bases on Balls Into Tallies.

Chicago, Sept. 15.—New York tied Washington for first place in the American league pennant race today by shutting out Chicago 2 to 0, while the Senators were defeated by Detroit.

The world's champions cleaned only four hits off "Red" Faber, but two of Faber's paces developed into runs. White's walk, a single, and Ruth's single scored the first run and the second came in the fourth on a walk to Pipp. Meusel's single, and a double play which retired Meusel and Hofmann, Pipp scoring.

The White Sox collected seven hits off Sam Jones, but the holding behind him was spectacular. With men on third and first and one out, Kamm lined to Dugan in the fourth inning. Dugan caught the ball off his shoe-string and doubled Sheeley off third, retelling the side. The only other chance the White Sox had to score was in the eighth with men on second and third, but Jones hooked over the third strike on Hooper. Collins was then passed, but Sheeley was an easy out.

New York . . . 100 100 000—2 4 0
Chicago . . . 000 000 000—0 7 0

Batteries—Jones and Hofmann; Faber, Connally and Krause.

BROWNS WIN RAPIDLY.

St. Louis and Boston Break Even on 22 Games Played With Each Other This Year.

St. Louis, Sept. 15.—Vangilder allowed only seven safeties and the Browns won from the Boston Red Sox today, 4 to 3, in their last game of the season, giving the Cardinals an even break on the 22 games between them. Elmore, Robertson and McManus lead the Browns' batting attack.

Boston . . . 000 100 002—3 7 3
St. Louis . . . 210 010 004—4 9 4

Batteries—Winfield and Stearns; Vangilder and Rego.

Other teams not scheduled.

GIVEN TRIAL BY ST. LOUIS

Shepardson, Clever Backstop of Oneonta League Team, Reports to Branch Rixey on Friday.

Ray Shepardson, the fast backstop of the Oneonta team of the New York-Pennsylvania league, a favorite locally, has been notified by President Wilber of the Oneonta Athletic association to report at the Brunswick hotel in Boston, Mass., to Branch Rixey of the St. Louis Cardinals of the National league on Friday morning next prepared for work.

President Wilber and Manager Roy Thomas of the Oneonta team were in New York yesterday by appointment for a conference with Mr. Rixey and at its conclusion it was announced that Shepardson would report on Friday as stated and tonight would be used in some of the games to be played at Boston and later at Philadelphia.

Shepardson is young and a brainy steady player who has looked good to all the scouts who have seen him in action this season. He formerly was with the Utica K. of C. team and on last year made a favorable impression. This opinion has been strengthened by his work at the plate for Utica during the first part of the season just closed and later with Oneonta. He has hit since the team has been in Oneonta at a .400 clip and has done excellent work with all of the twirling staff, some of which was inclined to falter at critical times.

Shepardson will have added incentive to do his best for the Cardinals, as he will be competing for a place in the Cardinals' lineup.

ONEONTA GIANTS DISBANDED

With Season's Schedule Completed, All Players Leave for Homes—Shepardson, Clever, to West—Manush Playing With Pirates.

After taking over a severely disorganized and demoralized baseball club, the management of the Oneonta team of the New York-Pennsylvania league was disbanded by the management at the close of Sunday's double header which marked the last diamond contest of the present season.

Nearly all members of the Giants will return to their homes. At least one member will go to bat for the first inning of a new game. Ray Shepardson, popular back stop artist, before putting on spikes and leaving away his uniform to return to his home in Little Falls, announced that he will be married next Wednesday.

Shepardson refused to tell the name of the lucky girl but expressed regret that she is not a native of Oneonta. He asked, however, that he be given credit for remembering the "girl back home" despite the wiles of many of Oneonta's prettiest. Ray received the good wishes of every member of the team and many other friends.

Several of the Oneonta players are the property of big league clubs, notably Brooklyn, Cleveland and Pittsburgh. James Clark, pitcher, will return to his home in Oswego. Joe Victor, pitcher, left last night with Mrs. Victor, to return by automobile to their home in Rochester.

Pitcher Hinkle, who is the property of the Brooklyn club, will spend the winter in Bluff City, Tenn.

Max Turk, shortstop, owned by Cleveland, will report there and then go to his home in Pittsburgh. Busky will return to Cumberland, Md. William (Dutch) Warner will return to Pine Forge, Pa., and Jack Roseberry to Houghton, N. J. Second baseman Frank E. Hough will go to Warren, O.

Charles H. Bowditch, treasurer of the corporation owning the franchise, declared yesterday that the players had given Oneonta a brand of baseball deserving the highest degree of commendation.

"The members of the team came here with a disheartening outlook before them," said Mr. Bowditch. "Games were being lost until it had become a habit. The season was drawing to a close but the team took on a lease of life and their playing was a revelation. They struck their stride and won a big majority of their games."

"The future of baseball in Oneonta depends upon the people of the city. Oneonta has demonstrated that a winning team can be placed in the field and the support given would indicate that the city will again be on the baseball map next year."

Harry Topel, star first baseman, has returned to Rochester, where he will join his father and brother in business. Roy Thomas, manager, has gone to his home in Norristown, Pa., after expressing his appreciation to the members of the team for the support given him as manager.

REVOCATION OF LICENSES

Judge VanWoert Explains Provisions of New Law Covering Revocation and Suspension of Operator's and Registration Licenses.

In connection with the arrest and arraignment of Judge VanWoert on the charge of assault in the third degree and a subsequent recommendation by Judge VanWoert of the revocation of his license to drive an automobile a number of facts in connection with the new motor vehicle law are brought to light for the first time in this city and are fully worthy of notice.

Judge VanWoert stated in an interview yesterday that he felt that the greatest advantage of the new law was not the licensing of operators alone, but rather the new teeth which are put into the regulation of reckless and intoxicated driving for both judges and justices.

To return to the case of Lane. He was arrested by Officers Otto and Tamsitt on a charge of assault on the complaint of Mrs. Henry McMullen of 18 Ford avenue and arraigned on the charge before Judge VanWoert Saturday, and fined \$50, and sentenced to two months in the county jail, since it was his second offense of the sort within nearly a year.

In investigating the case in his thorough manner Judge VanWoert found that the man had been drinking and Lane later confessed that he had been driving his automobile, but that when he became so drunk that he could drive to further he parked it beside the road.

So while he was not even tried on the charge of drunken driving, still he confessed it in court and the testimony of a number of witnesses substantiated it.

Therefore Judge VanWoert on Saturday wrote to the commissioner of motor vehicles and recommended the revocation to come from his office for its future bearing on cases where there was no conviction.

Judge VanWoert stated that there are three cases of revocation and suspension of licenses, both operators and registration, under the new law, those in which revocation is mandatory on the judge or justice, those in which it is mandatory for the second offense, and those where the matter is placed at the discretion of the court for flagrant violations of any highway traffic regulation.

He feels that as soon as every owner or operator of a motor vehicle realizes that every appearance in court renders him liable to suspension or revocation of both registration and operator's licenses, that a great part of the previous difficulty in enforcing the law will be eliminated.

YOUNG NOW IN PARIS
(By the Associated Press)

Paris, Sept. 15. — (Over D. Young, temporary agent general for reparations payments, arrived here Sunday from Berlin, ready for his first real talk with the Dawes plan officials since the plan has been transposed from paper into a reality.

Central New York Fair Opens First Exhibition Given Today

Unusual Array of Special Attractions Secured at Large Outlay—More Horses Than Ever Before Entered Track Events—List of Entries for Today—Display in All Departments Creditable With Large Showing of Sheep, Swine and Poultry—Grounds Blanketed With Tents of Concessionaires—Work of Students in Public Schools to Be Shown.

Today will witness the first exhibition at the Central New York fair, an event anticipated by the amusement-loving public over a wide area, and the scene is set and well not for the first fair in years. Justification for this statement is ample. There are more horses on the grounds and entered in the races than there have been in long years, the stables being so crowded that the exhibition horses of the Costello company had to be taken from the stables and housed under a tent, to make room for race horses. Then, too, there are swine and sheep galore and a good display of cattle, additional pens having yesterday to be constructed to accommodate the sheep and hogs arriving. The midway is filled to overflowing and the exhibits within the buildings are large and meritorious. The poultry show is far ahead of recent years and the entertainment features are beyond doubt far ahead of any previous fair.

Weather conditions give bright promise and the grounds late yesterday afternoon gave every indication that there will be nothing lacking when the gates are opened today. True here and there about the grounds the concessionaires observed their usual wash-day yesterday but the clothes were dry long before sundown and the exhibits both within the buildings and under the multitude of tents well blanketing the grounds were practically all in place.

Recognizing that attendants at the Oneonta fair, have come to expect the very best in the way of out-door vaudeville and roof garden attractions, the management has given special attention to these bookings and has appropriated a much larger amount than ever before in securing them, the price of these combined being in excess of \$6,000. They are all highly recommended and many of them come with a record of having been top liners at such houses as the New York Hippodrome or similar features with Ringling Bros. and Barnum & Bailey circuses. Those who secure a desirable seat in the grand stand before 1 o'clock and watch the performance on the roof garden and race track in front, will see a performance that will not be surpassed at any town or country fair in the state this fall.

To make themselves doubly secure, the managers yesterday closed a contract for Belmont's Trained Lions, one of the best acts seen at the State fair at Syracuse last week, which came to Syracuse direct from Hartford, Conn., where it appeared the week previous at the Connecticut State fair. It has been on the bill at the New York Hippodrome and done a circuit of the Keith houses.

A second special feature secured because of its merit and to fill any possible failure of a booking to appear is Dave Devill Curran, who, perched atop a long and slender pole, swaying back and forth like a tall acrobat, performs many sensational stunts, the act being styled thrilling and awe-inspiring.

What many will doubtless consider the best act in the Costello, in their famous exhibition of bareback riding and trained horses. The name "Costello," has been famous for generations in horseback work and this act is considered the premier one yet given. This, too, is a State fair act, with a record of 16 weeks at Luna park and six years with Ringling circus. The Comedy Riding school is one of its best features.

Close second will prove the Vardell Bros. in a highly sensational act. One of them dives from atop a high pole and in his descent strikes a curved chute, which, as it nears the ground, shoots him upward and when in mid-air he turns a somersault and is caught by his feet by his partner, who is swinging from a trapeze some distance away.

Troop C's famous squad of horse-

back riders, who won the contest at the Central New York fair, will give an exhibition daily of their skill, performing many difficult and thrilling feats of horsemanship. There are also the DeKochs and "Rags" in their appealing acrobatic stunts, in which "Rags" also does his part in a sensational act, and, but by no means least, the Colonial Melles, a boy of six young women, who give a wonderful musical tidbit.

Reference to the special features would be incomplete without mention of the balloon ascension, with parachute drop by a lady aeronaut, with some special stunts in the descent.

Every Stall Occupied.

Every stall in both barns was occupied last night by a horse entered in the races of the next four days and C. D. Townsend, in charge of the racing, said that there were more horses than he had ever seen here. True the large number entered for the slower races precludes quite as many for the fast ones, but there are enough to assure good races in the fast events, with a fight in each and everyone. The events with entries for each follow:

Exhibit of School Work.

OLING NEARLY COMPLETED

Board of Public Works Anticipates Work to Progress Before Winter—Many Minor Details Remaining.

At the meeting of the Board of Public Works held last evening there was a great deal of minor matters considered, looking to the completion of the program of the board before the arrival of winter which has been progressed much of the past summer.

It was found that most of the oiling work had been completed, but the purchase of additional oil and oil was authorized that Third and Fourth streets, Noyes avenue, and Washington, Columbia, and Birch streets might be treated this year. The oiling on Grand street has been completed and work will soon be started on Elm, Maple, and River streets which were included in the original proposal.

There is also considerable grading to be done before winter. Frank LaMonica appeared before the board and asked that some arrangement be made for the construction of a retaining wall at the corner of Main and Market streets where he is soon to start the erection of a three-story garage. In view of the fact that some members of the board felt that the action would be largely determined by a study of the damage claims paid to owners of that property at the time that the viaduct was erected and the streets in question were raised as an approach, the matter was referred to the City Attorney and City Engineer for a report.

The auditing of bills found the board in a strict frame of mind and there was considerable paing and discussion raised as to the fairness of many.

It was at this point that the case of James Dennis, a veteran employee of the city was brought up, and while the board recognized his long term of service, it was felt that since he was no longer physically able to be of service to the board that Superintendent Hollister be directed to dis- pense with his services and bring his case to the attention of other depart- ments of the city government for con- sideration.

Such a resolution was made and unanimously passed. As a part of the plan for the im- provement of Wall street the board accepted the deed of the Building & Loan association to a small piece of property which will prove of material assistance to the city in case the street ever be accepted and improved. The consideration for the deed was the clause that the association should never be assessed for improvements to the highway for the sidewalk.

At the suggestion of Engineer Gun- ney it was decided to put a force of men at work painting the metal rail- ing and bridge work of the city as protection from rust. The question of noisy manhole covers also came up for discussion and it was felt that this proposition was still one for the McDonald Con- struction company and one to which they have agreed to attend.

Benefit Dance for Keeton's Band. Announcement is made of two bene- fit street dances to be held on Wed- nesday and Thursday evenings of this week at 8 o'clock at the corner of Elm and Main streets by Keeton's band.

Admission was 10c a dance at the pony farm this Tuesday night, Sept. 16, all invited.

CHEVROLET

See the New De Luxe Models

There are now on exhibition in our show room the new De Luxe models. You should see them. They possess all the dependability, equipment, economy and high quality of the regular Chevrolet models with special added features. These include Disc wheels, nickel plated radiator, kick plates, parking lights, front and rear bumpers, motor- meter and several other refinements. These models have special deep upholstery and a double Duco finish in a rich blue with beautiful red trim. We will be glad to show you these splendid examples of fine quality cars at low price.

FIRST MASTERS' NIGHT

Two Hundred Attend First Annual Banquet of Orange-Grange District Held Here Last Evening.

The first annual Masters' night of the Orange-Grange district, which was sponsored by Oneonta Lodge, F. & A. M., was held in Oneonta last evening and more than 200 members of the order were present, including large delegations from the district, many from the various states of the country, and two from Scotland. District Deputy Grand Master Charles F. Taylor of Jefferson was present and spoke briefly, and Frank B. Shipman of Cooperstown and Frank M. Smith of Springfield Center, both Past District Deputies, were also there.

The speakers were followed by Masters of the various lodges of the district as follows: Master, O. J. Ives of Jefferson; Senior Warden, F. W. Fike, of Collesville; Junior Warden, E. W. Goldsmith of Otego; Chaplain, R. H. Lewis of Highland Springs; Senior Deacon, J. R. MacDuff of Schenectady; Junior Deacon, W. D. Hecox, of Springfield Center; Senior Master of Ceremonies, H. J. Smith of Cherry Valley; Junior Master of Ceremonies, H. H. Yule of Cooperstown; Marshal, H. B. Miller of Oneonta; and H. M. Tice of Gilbertsville, Charles Brink of Laurens, F. W. Bliss of Middleburgh, and E. K. Cushman of Schuylers Lake also assisted in the work.

Following the conferring of the degree refreshments were served by the following club.

The night was arranged with the idea that it should become an annual feature of the organization in this district, and after the splendid meeting of last night there is apparently little question of the success of the plan.

MRS. LETTIE J. SCOTT DEAD.

Funeral Services Today for Esteemed Hartwick Resident.

Hartwick, Sept. 15.—Funeral services for Mrs. Lettie Jones Scott will be held Tuesday afternoon at 2 o'clock from her late residence near this village, with Rev. Dr. T. E. Hall of Cooperstown, officiating. Burial will be made at Hartwick.

Mrs. Scott is survived by her husband, Jacob Scott, and a sister, Mrs. John Gullikins of Fulton. The sympathy of many friends will be extended to the family in its bereavement.

Mrs. Scott was the daughter of the late Oscar and Mary Tate Jones and was born about 40 years ago. She had been a lifelong resident of this vicinity. She was a member of the Christian church here and a respected and beloved woman among a wide circle of friends.

While she had not been in the best of health for some time, suffering a malignant growth, her death was sudden Sunday afternoon at about 4 o'clock.

St. James' Sunday School to Resume.

The St. James' Sunday school sessions will be resumed on Sunday next in the parish house at 11:45 o'clock, with Edwin R. Moore as superintendent and with the following teachers: Rev. L. C. Denney, Lloyd Kennedy, Ralph Bishop, Miss Grace Parish, Mrs. B. W. Elmhurst, Mrs. L. D. VanWort, Miss Helen F. Rowe, Miss Hicks, Miss Hill, Mrs. James Keeton, Jr., Miss Susan Morris, and Mrs. George Wolfe.

Twenty-five Part-Time Students.

Twenty-five students are now registered in the part time school which will be held on Tuesday afternoons from 3 until 5 o'clock and on Saturday mornings from 8 until 12 o'clock at the Academy street school, room 22. Six boys have signed up for machine shop work and four for woodwork and seven girls have enrolled for cooking and eight for sewing, while two hours of work in commercial subjects will be required of each student. J. T. Lawler, who is in charge of the school, urges other students to register immediately.

Rev. S. A. Terry Dies.

The Rev. Seward A. Terry, a retired minister of the Wyoming conference of the Methodist Episcopal church, died last night at his home, 18 Central avenue, after a long illness. Mr. Terry had resided in Oneonta for several years where he established a large circle of friends who mourned his death with regret. Further announcement of his career in his chosen life work together with arrangements for the funeral will be made later.

Card of Thanks.

We wish to extend our sincere thanks to our kind friends and neighbors, who by their sympathy and help have done so much for us in our loss. Also we wish to thank those who sent the beautiful flowers and furnished cars.

Frederick Allen,
Clark A. Potter,
Roy Colby.

Personal

Harold Smith and Ralph Townsend spent the week-end in Otego.

Miss Elsie Potter of this city has been spending several days in Cooperstown.

Norman Pierce is in Binghamton today on a combined business and pleasure trip.

Marcus B. Homestead left Monday morning for Middletown, Conn., where he enters the freshman class of Wesleyan university.

Mrs. Burrell Lent of Binghamton, who had been a guest of her uncle, J. D. VanDyke, of this city, returned home yesterday.

Carson Mitchell, a well known merchant of Treadwell, was in this city yesterday on business.

Mr. and Mrs. Burton Hulbert have returned to the city after spending several days in Roxbury.

Mr. and Mrs. E. J. Shippey of this city have been spending several days at the State fair in Syracuse.

Mrs. Mary Brewer of South Side is a guest for a few days of her sister, Mrs. Fred Miller, at Altamont.

Leslie B. Dunne, 41 Cedar street, spent the week-end in Binghamton with his parents, Mr. and Mrs. A. J. Dunne.

Miss Helen Dibble, who is attending the Cortland State Normal school, spent the week-end with her father in this city.

R. E. Morey, proprietor of Ye Smokey Shoppe, has changed his residence from 27 Maple street to 29 Diets street.

Mr. and Mrs. Carl Conrow moved yesterday from their former home on South Side to the residence at 29 Grove street.

Charles Beams of Syracuse has been spending the week-end with his parents, Mr. and Mrs. C. J. Beams, of Church street.

Dr. and Mrs. Arthur S. Barnes have returned from their camp on Canadago lake, where they have been spending the summer.

Mr. and Mrs. E. M. Quackenbush and son of this city returned Sunday from a two weeks' vacation spent in Utica and New Berlin.

Miss Helen Roman and Miss Dorothy Rowe will leave this week to resume their studies at the Madam Beauvais School in Boston.

Mrs. Lucia Henderson, son, Bradley, and daughter, Marion, of Meredith were guests Sunday of Mr. and Mrs. B. L. Quire at West Oneonta.

Mrs. Charles Nelson of Carbondale is spending two weeks in this city as the guest of her sister, Mrs. Charles Armstrong, 18 1/2 Division street.

Mr. and Mrs. J. F. Monahan of 24 Eligh street left yesterday afternoon for Montreal and Quebec. They expect to be absent about ten days.

Mr. and Mrs. C. H. White of this city have as their guests the former's parents, Mr. and Mrs. Clarence M. White of Roxbury, who will spend a week in Oneonta.

Mrs. Albert Brown and daughter, Miss Laura Brown, of Albany are spending several days in Oneonta as the guests of Dr. and Mrs. J. M. McClellan, 17 Elm street.

Mrs. Edward Hay, one of the efficient clerks at the Oneonta Department store, has been unable to attend to her duties for the past several days on account of illness.

Mr. and Mrs. Gilbert Baker and Mr. and Mrs. Vernon Baker of Kirkwood have returned to their home after spending the week-end with Gilbert Baker's sister, Mrs. Sarah VanVoorst, and the latter's daughter, Mrs. Frank A. Love on East street.

G. Edmund Tupper yesterday returned to Oneonta from Cairo, where he had spent two weeks supervising the installation of a septic tank of 1500 gallons capacity at the High school there. Mrs. Tupper accompanied him and visited at her parental home at Cairo.

J. Wood and daughter, Miss Edith Wood, of Battle Creek, Mich., who have been spending a number of weeks in this city with the former's brother, Fred R. Wood, 16 Franklin street, are at present visiting relatives in New Berlin prior to returning to their home in Michigan.

Prof. Randolph Sumner of New York city, who has been spending several days with Guy Fay and other

friends in Oneonta, where he was a former resident, has returned to New York to spend a week with relatives before resuming his duties as head of the Dramatic Art department at Washington Square college of New York university.

Mrs. Grant Bates of 352 Chestnut street left yesterday for Whitehall, where last evening she was the guest of honor at the annual inspection of the Ladies' society auxiliary to the P. of L. F. & E. This evening she will inspect the auxiliary at Rensselaer, and on October 1 will, as a member of the National auxiliary, attend the state meeting in Rochester.

ALLISON HALL INJURED

Mt. Vision Man Caught Between Two Trucks Cars on Saturday.

Allison Hall of Mt. Vision is at the Fox hospital suffering from painful but not serious injuries sustained on Saturday morning last at the station at Mt. Vision, when he attempted to drive across the tracks when some switching was being done. His car was caught between two cars and he himself was injured and rendered unconscious. He was brought to the hospital here. Last evening it was said that his condition was good and it is expected that he will be able to return to his home in a few days. His Ford touring car is badly wrecked.

ALBERT R. SMITH OF WALTON.

One of Few Remaining Civil War Veterans Found Dead in Bed Sunday Morning.

Walton, Sept. 15.—Albert R. Smith, one of the remaining soldiers of the civil war in Walton was found dead in his home Sunday morning from heart disease with which he had been afflicted for a long time. He had arisen and died without disturbing his family.

Mr. Smith was 76 years of age and had passed through many thrilling experiences. His father moved from Franklin to Illinois, where the deceased was born in 1848. Thence they went on to Minnesota, where they were 70 miles from any considerable white settlement, being in the Indian country. There was an uprising of the Indians. The settlers defended themselves for a time in a church which they had put up, but they were finally driven out of the country and the Smith family returned to Franklin, where the grandfather, Samuel Smith still lived.

Mr. Smith enlisted in the army when hardly sixteen and after the war returned to Franklin, where he married Miss Charlotte Nichols. Before many years he and his family were back in Minnesota. After the birth of his daughter, he returned east and settled in Walton, where for some years he was a skilled iron worker in the carriage industry and where he expressed himself as well satisfied to live after his exciting past. He was fond of reading and was very loyal to his old soldier friends.

Mr. Smith's first wife, the mother of his three children, died about 1901 and in 1908 he married Mrs. Lucy Green, who survives him. His son, Martin G. Smith of Walton, and his daughter, Addie, now Mrs. Arthur Carroll of Schuylers, and two grandchildren, also survive.

The funeral services will be held Wednesday at 2 o'clock from his late home conducted by Rev. A. A. Walker, pastor of the Methodist church.

Old papers for shelves and floors, 10 cents per bundle of 50, at The Star office.

BENNETTSVILLE DEATH

Edwin Blenco, Well Known Resident of Town of Bainbridge.

Edwin Blenco, a well known and highly respected resident of Bennettsville, died at his home in that village on Monday, September 8, due to heart trouble, at the age of 66. Mr. Blenco had been suffering with heart trouble for about two years but had been very active until two days before his death.

In recent years he had conducted a grocery store at his home in Bennettsville. Before that, however, for about 16 years, he was a writer of insurance and a buyer of raw furs. Through his business relations he became very well known throughout Delaware and Chesapeake counties.

The deceased was a son of John Blenco, who came over from England, and was born in the town of Guilford, but practically all of his life had been spent in Bennettsville in the town of Bainbridge.

He is survived by his widow, Mrs. Anna Bell Blenco, and by six children: Mrs. Daniel Johnson of Arton, Lewis E. Blenco of Bainbridge, John E. Blenco of Bainbridge, Mrs. Howard Pope and Mrs. Glenn Rodman of Binghamton, and Lawrence Blenco of Johnson City. Five sisters also remain: Mrs. Emma Hutchinson, Guilford; Mrs. Hannah Ballard, Guilford; Mrs. John Tripp, Guilford; Mrs. Mary Cole, Bainbridge; and Mrs. Jane Burdick, Masonville. There are three grandchildren.

The funeral service was held on Wednesday at his home at 3 p. m. with Rev. M. V. Williams of the Methodist Episcopal church of Bainbridge officiating. Burial was made at Bennettsville.

We wish to extend our sincere thanks to our kind friends and neighbors, who by their sympathy and help have done so much for us in our loss. Also we wish to thank those who sent the beautiful flowers and furnished cars.

Frederick Allen,
Clark A. Potter,
Roy Colby.

New Fall Suits give you
the "high sign"—
But there's no sign of
"high prices"

They're as low as good quality permits; anything less would be unfair to you.

New materials, new colors, new styles, same old guarantee of satisfaction—waiting for you.

Wonderful range of those splendid worsteds at \$35.00; another label in them would carry a higher price for some qualities.

Splendid all-wool suits ranging from \$22.50, in new fall colorings and styles.

Spencer's Busy Clothes Shop

School Girls' Fall Coats Combining Style and Durability

You Can
Save Money
On These Coats

Style for the "Younger Set"—at remarkably low prices! Girls will love these new Fall coats which are durable enough for school wear and pretty enough for dress.

They are in Velours, Polaire, and Plaids with fur or self collars. For trimming they take embroidery, pleats, stitching, and fancy buttons. The side opening and fancy cuffs are features of these coats. In browns and Sorrento, they come in sizes from 2 to 6, 7 to 9, and 8 to 14.

\$4.98 to \$12.75

Children's Wool Dresses Pretty Styles at Very Low Prices

For Little Girls from 2 to 6

Such pretty, warm Dresses for little girls! And at such low prices! The materials are the best, and they are well made, too. See these and you will agree that they are values worth while.

Made of serge, wool crepe, flannel, and novelty wool fabrics, in tan, brown, and navy. Some are made with plaid skirt on underwaist with an overblouse, while most of them are straight line models. All are attractively trimmed with smocking, embroidery, or bands in contrasting colors.

Save Money at These Prices

\$3.98 to \$7.90

When We Grow-Up Trained Off to School

We all perhaps can recall the days when trading off to the opening of school, how conscious we were that we were not as well or were better dressed than were some of our young friends. Fondly enough our immature minds weighed the subject heavily. No doubt it reacted upon our studies.

Those were days before the J. C. Penney Company store. Now, with attractive assortments of clothing and footwear to select from, every boy and girl can be completely satisfied here at a considerable saving of money. Help the children to help themselves with their lessons.

Infants' Shoes At a Low Cost

SCOUTS TO SUPPORT S. P. C. A.

Orange-Schoharie C. A. will in Autumn County Society in Membership Campaign Beginning Today.

The troops of Otsego county in the Orange-Schoharie Boy Scout Council are to conduct the membership campaign of the county society for the Prevention of Cruelty to Animals. It was announced yesterday by Executive L. A. Hunsbeck of this city. The intention to undertake this task came as a result of the belief of the organization in the aims of the organization and as "a 4 turn".

The Boy Scouts will make no collection of the dues of the organization, which are but \$1.00 per year, but will secure membership cards which will be forwarded to the treasurer of the S. P. C. A. for the year.

Three prizes are being offered by the S. P. C. A. to the troops who secure the largest number of members, and while they have not as yet been determined, will be samples of value. The winning troops are most in need.

The campaign this year is to be conducted to determine whether or not the county is appreciative enough of the work of the society to put it on a self supporting basis, and to this end it is in the interest of all interested in the work to enroll as soon as possible.

For Sale.

Farm of fifty acres, on improved road. Good buildings, running water at house and barn, nice dairy of cows, two horses, some farming tools and poultry. Would consider trade for city property. Price \$5,000, part cash. Alfred Birch, real estate, 151 Main street. Phone 280-W. advt 30.

Cleanliness is a passion with us. Everybody and everything that comes in contact with high-grade brand butterine, from start to finish, is immaculate. advt 30.

SOUTH KORTRIGHT PERSONALS.

South Kortright, Sept. 15. — Miss Marion Harkness leaves this week for Albany Business college. Marion is a graduate of Delhi academy. — Roy Gilmore has rented rooms of Wilber Fogree and soon will move from the Davidson rooms. — Mr. and Mrs. Fred Turner returned Saturday evening from a business trip to New York city. — Ed. Johnson, who has also been spending his vacation in New York and visiting a brother at Union Hill, N. L., has returned home. — Many from South Kortright attended the Delhi State Fair.

her brother, Kenneth Boggs, and Mrs. John Vries, spent Thursday in Oneonta on business.

PAYING GOLD IN ROSEBOOM
Samples of dirt taken from the Cherry Valley creek bottom and sent to New York city to be assayed by Frank M. Oakes of that town proved to have both gold and silver therein and in what is believed to be paying quantities, the report stating that a ton of earth equal to the sample forwarded would produce one ounce of gold and 30 ounces of silver, the former valued at \$22.50 and the latter at \$18.90, a total of \$41.40. The dirt was taken from a bank on the Oakes farm about one mile southeast of Roseboom and as Mr. Oakes is a member of an old and respected family in the valley and enjoys the full confidence and respect of his neighbors, it substantiates what many have recognized for a long time, that there is gold in the valley.

Hamel T. Oakes, father of the man who forwarded the dirt for assay, was in the city on Saturday and vouched for the accuracy of the report of the expert who examined the dirt and who witnessed the taking of this dirt from the bank and its enclosure for assay.

The senior Mr. Oakes had in his possession while in the city samples of rock taken from the farm nearby the spot from which the dirt was taken. These samples had been baked and there were quite pronounced traces of what appears to be gold and is believed to be the valuable metal.

It is a quite well remembered tradition about the senior Roseboom, from whom the town is named, discovered silver in the valley and his discovery was confirmed by experts, but his neighbors and friends ridiculed the idea to such an extent that he made no further effort to follow up the discovery and ascertain if it existed in profitable quantities and made no further investigations. He at one time held all of the property in the valley under what is known locally at least as the Beaver Dam patent.

Some two years ago a man named Fugulum came to the valley and bought the Snyder farm and not long after his arrival commenced washing the dirt in the lowlands of the farm and has done little or nothing since. He works steadily and is equipped with copper plates and quicksilver and some of his neighbors have seen checks he has received reaching to \$200 which he has told them was for the precious metal he had forwarded to New York and sold. None of his neighbors doubt his word and many of them have seen the metal secured by him before shipment.

The locality is noted by many current events and more recently many have come and some of them have been quite obvious in their search for some of the ore which has been reported to be in the valley with his work, so now he is not allowing strangers on the premises. The belief that paying dirt and rock is abundant in the valley is becoming more general. Rock similar to that found on the Oakes farm is abundant on the Frazee and the White farms.

Three Facts That Prove Paige Amazing Brougham Value

This big, powerful, enclosed Paige calls for less than half the cost of several smaller, less powerful, enclosed cars. The Brougham, less the closed car cost: \$2250—\$2300—\$2350—\$2375. You can drive the big, smart, powerful Paige Brougham for only \$2175!

Here are the model prices of our equaling Paige in power and size: \$2675—\$2750—\$2875—\$2950—and up. Paige equals or surpasses them in size and power. Yet the Paige Brougham costs many less dollars than these open cars!

Closed models of our equaling Paige in size and power, average 34% more in price than their open models. Closed models of smaller, cheaper cars average 36%. Paige offers you our enclosed comfort for only \$200 more than the open Paige—1924!

Compare this Paige with cheaper or more expensive cars—you can't escape the facts. Paige closed car value is unmatched! This fine, big, powerful Paige 4-Door Brougham—for only \$2175! Smartly finished in ebony and maroon. Fine-grain leather finish on upper rear. Gray mohair upholstery.

Just think of the great power, thrilling performance, ideal comfort this Paige offers. Paige's big motor has 70 h. p.—more than ample for climbing steep hills in high where others stall or shift; slow going in high over bad stretches; speed for emergencies; pulling away first in traffic. Yes, do all these things—and do them without ever straining the big Paige motor.

How comfortable is Paige! You'll laugh at roads that stopped you before. Paige's rear springs more than 5 feet long, snubbers, 131-inch wheelbase, staunch weight—all combine to give you comfort that's unobtainable!

All this marvelous power, performance and comfort—in the smartest enclosed car on the street—for only \$2175!

Come in. See this stunning enclosed Paige. Note the long wheelbase and long springs. The big motor. The grace of lines. The success of finish. Drive it. Mark the ease of control, riding comfort, exhilarating performance. Just figure how many hundreds of dollars more you must pay to match Paige! Why pay it?

Good Sleuth

Hereafter there'll be no jokes about correspondence school detectives in Clinton. It was Willie May, whose holder of diploma in several mail order schools is detecting who solved the mystery of the Brownfield double murder there after police sheriff and state authorities had failed to run around with Earl Darnall (shown) for several months until he finally obtained a confession from Darnall.

CHICKEN THIEVES SENTENCED

Patrick, Hitchcock and Maxim of West Davenport, who sold plunder to Catskill Mountain Hotel keepers, go to Auburn.

Norwich, Sept. 15.—The West Davenport chicken thieves were arraigned for sentence today before County Judge Hubert C. Stratton and each were given a term of from 2 to 3 years in Auburn state prison.

The men are George Patrick, John Hitchcock and Harold Maxim, all of West Davenport, and all of them have confessed that for two years or longer they have made chicken stealing a business and they have operated extensively throughout the counties of Ohio, Delaware and Chenango. The trio were neighbors and members of a gang and were active in the sale of their stolen fowls among the hotel and boardinghouse keepers in the Catskills.

Patrick gave his age as 43 years, and said that he has a wife and six children, the oldest being 11 years and the youngest 14 months. Hitchcock is 39 years of age and the father of three boys.

The gang came to grief last July when two of them attempted to rob the henhouse of a New Berlin farmer. The wife of the latter being taken ill in the night, arose to secure a household remedy and glancing out of the window saw their automobile drive into the yard. She gave an alarm and the hired man and a boy covered one of them and held him until State Troopers arrived and took him into custody. The second man was taken away from the telephone exchange in Oneonta when a telephone message brought information relative to the man wanted. The State Troopers managed to locate the third member of the gang and they were all indicted on the charge.

Attorney Donald H. Grant of Oneonta appeared today for Maxim and the others were represented by former District Attorney David E. Lee of this city. It is expected that the men will be taken at once to Auburn.

Exhibits Delayed.

The Board of directors of the Oneonta fair grounds, for an exhibit of farm implements, had the misfortune to have its exhibit overturned in the ditch at the foot of Putnam hill late yesterday while en route from the State fair grounds at Syracuse to this city. The heavily loaded truck failed to negotiate the grade near the foot of the hill and started backward, the driver failing to keep in the roadway when the truck reached the turn over a small brook at the bottom. The truck overturned but the exhibit was little damaged and it will be brought to the city by another truck this morning.

Children With Rickets Grow Well and Strong

If you are the parent of a child who is afflicted with rickets, you are advised to try the new method of treatment.

It has been found that the new method of treatment is the most effective and the most reliable. It is the only method that has been found to be successful in the treatment of rickets.

UNADULT YOUTH SWINDLED

Meets Glib Shop While in Attendance at State Fair and Drops \$10 for Worthless Watch.

Therion Gaylord, who said he came to the State fair from his home down the Hudson, was swindled by a young fellow who induced him to buy a fine watch of him near the fair grounds, and believes that when he turned his head to view some hanging property, the schemer switched timepieces and gave him a worthless watch in place of the fine one which he was supposed to have bought for \$10, says a Syracuse dispatch.

Gaylord said that he rode to the fair grounds in the evening with the train from whom he bought the watch and on the way out on a trolley car, got into a conversation with him. They grew quite chummy during the ride and in the course of their talk, the stranger revealed his troubles to Gaylord in a manner that excited his sympathy.

Gaylord said that he told him that his people were wealthy residents of Poughkeepsie and that he had come to Syracuse to attend the university. Tuesday night he said that some pocket watch he had bought for \$10, and left him with it. The "student" according to Gaylord, told him that he would have to raise some money until he could get some from home as he wanted to see the State fair and had to pay his room rent. When they left the trolley car and were walking toward the grounds, Gaylord said that his new friend offered to sell him his fine watch of a well known make, together with a fine chain, for \$10. The watch, Gaylord was informed, was a Christmas present and cost \$125.

Gaylord examined the watch and it looked like a "real buy." He decided to take it and gave the man the money. Just as he did so he said that the "student" called his attention to a large box just passing, then handed him the watch. Suddenly appearing a friend that he was looking for, he hurried away in the crowd with the promise that he would see Gaylord on the fair grounds. Gaylord looked and looked in vain for the hard luck student after he had examined the watch and found that it was a worthless yellow affair that refused to tick.

Paragraphs of Current Interest Clipped and Condensed from Columns of Exchanges.

The Baker Music House, a concern which had sold much stock in Schenectady county, has gone into the hands of a receiver. The company has \$100,000 of unsecured indebtedness. There are about 400 shareholders of the company, many being outside the capital district. The total assets of the company on July 31 were stated at \$1,190,930, and the liabilities \$1,010,251.

There is said to be urgent need for a new reservoir in Cobleskill. At present the upper part of the village is entirely without water for any use except a part of an hour in the early morning.

As result of a piece of steel piercing his eye while chopping wood, Rev. C. R. Hamilton, pastor of the Lutheran church, was taken to the hospital with the sight of one eye entirely gone, and the other in bad condition. A piece of steel one-fourth of an inch wide and over half an inch long was removed from the injured eye. The injury results from the steel wedge in the axe splintering.

The Delaware Presbytery, which met last week at Gerritsville, adjourned to meet next week Tuesday at Walton as an evangelistic conference.

The junior class of the Norwich High school is sponsor for a course of five entertainments to be given during the coming winter. It is expected that the series, besides instruction and entertainment, will afford a good profit for class purposes.

MISS HAYWARD MARRIED.

Former Well-Known Resident of Oneonta Weds in California.

The following from the Fullerton, Cal., Daily News of September 5 will interest many friends of the bride, who for many years was a resident of this city and an active member of the Oneonta Woman's club.

"Of unusual interest to residents of Oneonta county is the announcement of the wedding of Miss Florence Hayward of La Habra and Judge Henry C. Hart, also of La Habra, which took place yesterday morning at Riverside, Cal. The bride, pastor of the First Methodist church of Riverside, read the marriage service. Mr. and Mrs. W. L. Rhodes attended the couple."

Following the ceremony, the party lunched at the Glenwood Mission Inn before returning to La Habra, where Judge and Mrs. Hart will make their home.

"Announcement of the wedding comes as a pleasant surprise to the many friends of the couple, who had made no previous announcement that the wedding was to take place. Their marriage marks the culmination of a friendship of many years. The couple, having been old friends in the past. The bride, who formerly resided in Oneonta, has made her home in La Habra for the past year and a half. She is prominent in club and social life of the community and holds the office of patroness for the La Habra Woman's club."

Judge Hart has long been a resident of La Habra, where he has been Justice of the Peace for a number of years. During the past few months he has been city recorder of Fullerton, Cal., and the place of Judge William French, who was a son-in-law of the bride."

"The congratulatory messages of friends of the bride and groom are being sent in large numbers to the home of the bride."

Our first shipment of fall dresses is arrived. We will be pleased to show these models as they are new and the latest thing in dress. The dresses at reasonable prices. 100 N. Main St., 11th Street, edit 2.

Kept Promise!

It's beginning to look like James E. Ferguson's promise to his dog is going to come true. When "Jim" was impeached as governor of Texas eight years ago, the dog then only two years old, seemed disconsolate as the rest of the family in leaving the capital at Austin. "Never mind," Ferguson told him, "you'll live to see the Ferguson in the governor's house again." And now Ferguson's wife, Mrs. Miriam E. Ferguson, has won the Democratic gubernatorial nomination—and her fight for "Jim's" vindication. And since Texas is a Democratic state, her nomination practically means election. Here "Ma" Ferguson is seen with "Jim's" dog.

ONLY 4,500 APPLICATIONS

Auto Drivers Who Expect to Operate After September 20 Better Get Busy at Once.

"Up to today," said a representative of the Otsego County Motor Vehicle bureau yesterday afternoon, "there had been only 4,500 applications made for operators' licenses. As the total number of licenses required to cover all drivers of motor cars in the county is estimated at 20,000, it appears that there are still 15,500 laggards, and that making a liberal allowance, only one out of four persons who will require such licenses have as yet taken steps to secure them."

Under such circumstances, it behooves motor vehicle drivers in Otsego to step lively. To this time the applications during September have been coming in at the rate of 200 per day. If all applications are to be made prior to October 1, they must come in five times as fast, or at the rate of 1,000 per day. On and after October 1, the law will be strictly enforced against those driving without licenses.

Innocent looking rubbish in a cellar is the cause of many a bad fire.

How natural to throw scraps of paper into that old box! One seldom thinks of fire dangers, or metal waste barrels, until it is too late. There is the house in flames. Perhaps a total loss—unless the investment is fully protected by fire insurance.

There is no better protection against fire loss than the sound indemnity of a carefully drawn insurance policy. That is why this agency represents the reliable fire insurance companies.

HISTORIC CABOOSE

Rejuvenated Structure of Fifty Years Ago Placed in New Pagoda in Neahwa Park

TRAINMEN WILL CELEBRATE

Founding of Railroad Brotherhood in Oneonta Forty Years Ago Will Be Marked by Notable Speakers, Banquet and Grand Ball—Luna and Railroad Notables Scheduled to Attend—Four of Original Founders Coming.

A little red caboose, glistening in a new coat of dark maroon paint and dear to the hearts of organized railroad labor throughout the United States, was moved yesterday on its last journey.

The trip from the gas house crossing of the Delaware & Hudson road to Neahwa park was one of the steps preliminary to the celebration which will be held here September 22, to observe the founding of the Brotherhood of Railway Trainmen in the little half-century old structure in Oneonta more than forty years ago.

The long program, calling for the presence of notables in railroad and civic life promises to be one of the most interesting and enjoyable which has marked the progress of railroad labor in the United States.

The little red structure is one of the most romantic objects in the history of the Brotherhood of Railway Trainmen for it was in this caboose that the organization was founded in Oneonta by employees of the Delaware & Hudson railroad forty years ago, when Daniel Hopkins lodge, No. 1, Brotherhood of Railway Trainmen, was formed.

The work of moving was supervised by officials of the brotherhood and members of the mechanical department of the Delaware & Hudson who have had charge of repairing the caboose so as to place it as near as possible in its original condition of fifty years ago, when it was in active service.

The caboose was overhauled in the Delaware & Hudson shops in Oneonta. Unusual efforts were made to replace missing and broken parts with original parts which were in use on the railroad when the caboose was in active service. In order to do this employees combed the country for missing parts. Trips were made to Scranton, Sayre and other places in the hunt for parts, which have been made obsolete by the rapid advances made in mechanical equipment of railroads. One of the most welcome discoveries was made by the repair crew when an old freight car was found at Roger's Quarry, near Cobleskill, from which old style wheels and axle and pin couplers were obtained. Some of the castings are marked by the date, June 25, 1877. The interior has been fitted with the original windlass and rope which was used in the old days of railroading, as a means of signals between the caboose and the engine.

Some of the details of the long program which will mark the celebration, were announced yesterday by Marshall E. Roarick, secretary of the local lodge of the Brotherhood of Railway Trainmen and general chairman of the celebration on arrangements.

The formal dedicatory ceremony will be staged at the pagoda, which has been built in the park to house the caboose permanently. The program will open at 1:30 o'clock in the afternoon, September 22. Music will be furnished by Company G band, tenth infantry, New York National guard, of Oneonta, which won first prize at the State fair at Syracuse last year and carried off second honors in the competition this year.

Notables in state, civic and railroad life will speak. Heading the list of speakers is George B. Lunn, lieutenant governor of New York; William G. Lee, president of the Brotherhood of Railway Trainmen; Col. J. Tabor Lorce, vice president and general manager of the Delaware & Hudson, and W. Irving Bolton, mayor of Oneonta. Mr. Roarick will preside.

Little Marguerite Cline, daughter of Mr. and Mrs. John N. Cline of Oneonta will formally christen the caboose in its new capacity as a permanent monument to the founding of the trainmen's brotherhood. Due to the emergency raised by the supposedly arid state of the nation under prohibition, Mr. Roarick declared that little Mrs. Cline will smash a bottle of prune juice in its natural state over the bumper in order that the christening may receive as near as possible the time-established atmosphere.

Following the dedicatory ceremony at the park, a banquet will be held at the Elks club at 5 o'clock. Music for the banquet will be furnished by the Spawns Symphonies of Oneonta. Plans are nearly completed for special decorations.

The final event will be the grand ball, which will be held in the State armory beginning at 9 o'clock. Under the auspices of the local lodge of the Brotherhood of Railway Trainmen, the ball will be a grand affair.

This work of placing the caboose in its new home was accomplished by the local lodge of the Brotherhood of Railway Trainmen, which has been working for some time to secure a permanent home for the structure.

Among the speakers at the banquet will be H. S. Wilson, president of the local lodge of the Brotherhood of Railway Trainmen; W. G. Lee, president of the Brotherhood of Railway Trainmen; Col. J. Tabor Lorce, vice president and general manager of the Delaware & Hudson, and W. Irving Bolton, mayor of Oneonta. Mr. Roarick will preside.

The caboose was moved yesterday on its last journey. The trip from the gas house crossing of the Delaware & Hudson road to Neahwa park was one of the steps preliminary to the celebration which will be held here September 22, to observe the founding of the Brotherhood of Railway Trainmen in the little half-century old structure in Oneonta more than forty years ago.

The long program, calling for the presence of notables in railroad and civic life promises to be one of the most interesting and enjoyable which has marked the progress of railroad labor in the United States.

The little red structure is one of the most romantic objects in the history of the Brotherhood of Railway Trainmen for it was in this caboose that the organization was founded in Oneonta by employees of the Delaware & Hudson railroad forty years ago, when Daniel Hopkins lodge, No. 1, Brotherhood of Railway Trainmen, was formed.

HARTWICK SEMINARY OPENS

No Change in Work Save That Theological Course Is Omitted for Year.

Work at Hartwick Seminary, closed at the end of the summer vacation, opened today for the school year of 1924-25. While it is possible that the number of pupils will be a little smaller than a year ago, owing to the fact that no less than 15 members of last year's class have entered college, the indications are good for a good attendance of both young men and women. Only two of the 110 graduates of the past year, Mrs. W. L. Ford and Thelma Ford, remain at the seminary as follows:

President, C. H. Moore, administrator, J. E. Wadford, English, H. H. and Mrs. M. C. A. Drive to Open October 6.

At the present time the theological department will be closed, there being no young men desiring to take the course.

Old papers for shelves and floors, 10 cents per bundle of 50, at The Star office.

national interests of the three. This tentative plan the New York synod approved on Thursday last, but action on the two other issues is yet to be taken. For the present, therefore, conditions remain as before, and there is no plan suggested to make any change in Hartwick seminary, save as regards the theological department in the two other issues.

The many friends of the institution will be glad to know that it offers, as usual, on the new year, with outlook for good attendance and with an excellent faculty in all departments.

At the present time the theological department will be closed, there being no young men desiring to take the course.

Old papers for shelves and floors, 10 cents per bundle of 50, at The Star office.

D. & H. APPEALS TAX CASE.

Serves Notice of Application for Writ on Binghamton Officers.

The first formal protest against an assessment under the new tax levy to be carried to the supreme court was served on city officials in Binghamton yesterday by the Delaware & Hudson, with the service of a notice of an application for a writ of certiorari brought by B. D. Anthony, real estate and tax agent for the railroad. The notice was served on Harry H. Evans, comptroller; William L. Lewis, corporation counsel; John E. Hogan, commissioner of assessment, and Arthur H. Jones, city clerk.

Among other things, the complaint, in which the application for a writ is based, asserts that the Binghamton officials prepared the 1924 assessment and used a biased valuation of property in Binghamton, owned by the railroad at \$149,670, while the company claims that the full assessed value of the property does not exceed \$249,670.

The Binghamton officials who constitute the board of review, refused to reduce the assessment after the case had been presented to it. Under the law, the company had until September 15 to appeal to the supreme court.
